with precious babies

DOCTOR PIA + Diaper

Natural Mineral Amethyst Jewel Diaper

Prevent rashes by using amethyst on the nonwoven fabric surface coming into direct contact with skin to prevent rashes

It is a product verified by FITI Testing & Research Institution to have antibacterial effect against Staphylococcus aureus and pneumococcus, bacteria causing rashes due to diaper and is of help to babies with serious troubles.

Made in ultra-thin sap sheet method, it gets thinner and not crumped so it is soft like underwear...

If you consider my precious baby's skin ~ DOCTOR PIA +

Preven-
tion
of Rash!

PLORA Nature Diaper

High Purity Natural Pulp and Top Sheet Air-through

On the principle of toxicity free, fluorescence free and artificial flavoring free, it used only 100% natural high purity pulp.
By using air-through fabric on the part of hip coming into direct contact with skin, it provides the best softness, feeling of cushion and more strengthened absorption force.

As it is designed in fourfold structure using special materials, it not only absorbs urine immediately on a baby's urination but also has the sap sheet to prevent crumping, a main cause for pain and festering of hip, which is the characteristic of only PLORA Nature.

Magic Tape

Even if it is attached and detached repeatedly several times, it keeps adhesion same as a new one.
(The tape made of elastic material enfolds a baby's body and comforts the baby.)

Application of Waist band with good feeling
of wearing and urination notification line.
