

Snap3D Case

**You can enjoy your favorite movies
in 3D anywhere, anytime.**

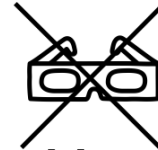

■ Introduction

● INSTANT 3D ON ANY PHONE

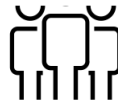

Put on the MOPIC Snap3D case to instantly bring your phone or tablet to life. The best 3D quality will pop off the screen.

● JAW DROPPING 3D WITHOUT GLASSES

3D glasses are inconvenient and uncomfortable. With Snap3D case, there's no need for funny looking glasses. On top of this your eyes won't get tired and you will never experience dizziness.

● MOBILE 3D FOR EVERYONE

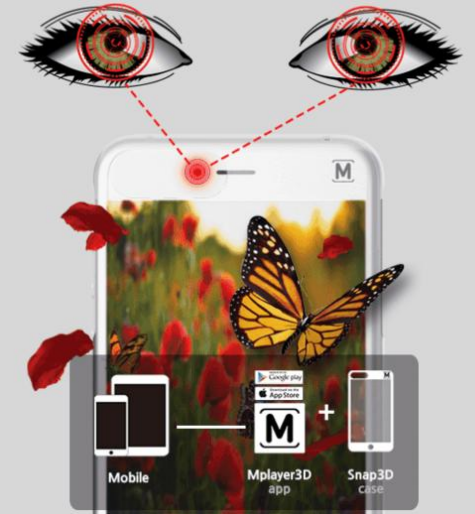

MOPIC's Snap3D Case serves double duty. It's both a protective case and a 3D viewer, which is about the same price as an ordinary protective case.

Make your iPhone 6+ / 6S+ / 7+ a 3D screen!

It's the first and the only one.
A 3D engine that communicates
with the user

Snap3D is not a screen which only
delivers one-way 3D content,
it is an interactive system fully
customizable for you and your device.

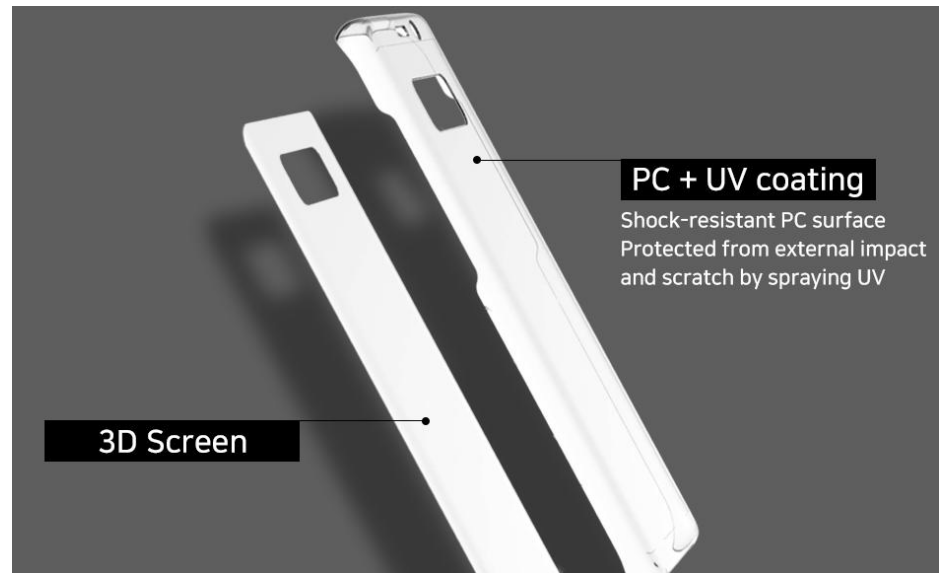

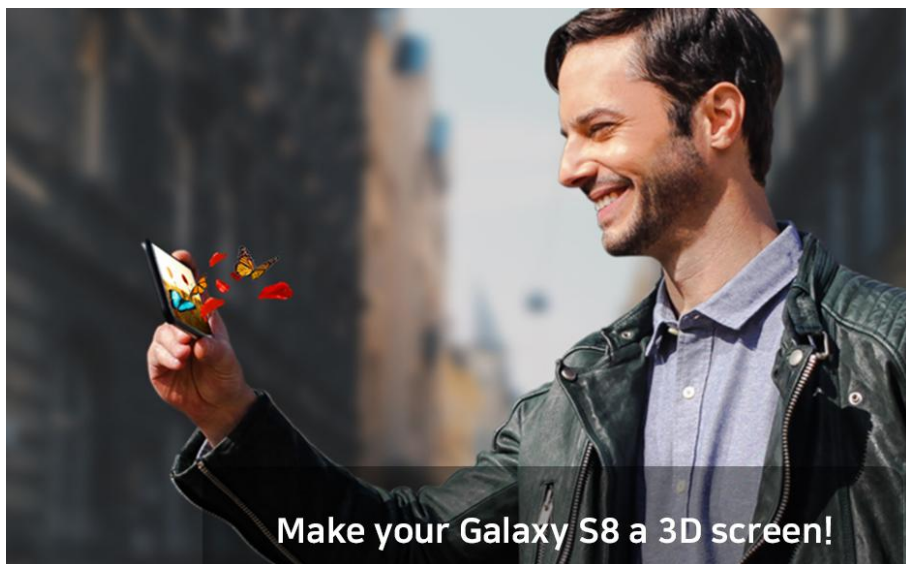

Snap3D

A 3D viewing protective case.

It's a smart device which becomes a 3D viewer when you put it on the front of the mobile and can be used as a protective case when you put it on the back.

Download the 'Mplayer3D' app, the 3D engine, from the  App Store for free. Mopic's Snap3D together with Mplayer3D will turn your mobile into an amazing 3D theater.

“I’ll find you and I’ll show you!”

Mopic’s 3D technology locates your eyes.

Our application always follows the user’s eyes and shows the best screen only

3D glasses? No need!

Keep the funny 3D glasses and dizzying VR devices in the drawer.

All you need is your smartphone with Snap3D

It’s incredibly bright and clear!

What’s more surprising? You can enjoy the brightest and clearest 3D images in FHD and above outdoors, amid the existing dark 3D screens

Right now you can have it on your smartphone. Meet the stunning 3D theater!
