Secrets of new oil peel-off texture

To stay true to its belief that it should not be irritating to the skin,

Detoskin has developed an unseen technology, oil peel-off texture, after a long research.

It is different from an irritating or damaging peel-off; it delivers essential ingredients to the skin and the oil helps lock moisture and nutrients inside the skin, creating a moist peel-off mask.

Feel oil peel-off, tightly adhering to waste while confining moisture and nutrients.

PRODUCT INFORMATION

Personalized care made according to your skin condition

DIY TIPS!

▶ Special treatment by zone

Mix and match pink oil peel-off mask on U-zone for vitality and blue oil peel-off mask on T zone for pore care

▶ Personalized care by condition

Use pink oil peel-off mask when you need deep nourishment and vitality!

Use blue oil peel-off mask when your skin feels sensitive and needs to calm down!

Your skin is different today from yesterday and will be different tomorrow.

Detoskin offers personalized color therapy that you can choose according to your skin condition and different zones that require different treatment.

Choose the mask that you want for your skin.
