

A black and white photograph of a woman with long, dark, wavy hair. She is looking down with her eyes closed. A hand is holding a small, clear ampoule labeled 'THE MASK OF ZORRO B-Tox Ampoule' and applying the liquid to her cheek. The background is a soft, out-of-focus grey.

A Minute Touch
Before You Go Out

THE MASK OF ZORRO, B-Tox Ampoule

Wrinkles along your face are a natural experience as a human being. As we get older, our skin dries and loses elasticity from many factors, including the sunlight, reduced fat, and even diminished facial oil. However, we sometimes – or often – want to remove the appearance of these lines, especially when we are up to the special occasion and on a daily basis. THE MASK OF ZORRO, B-Tox Ampoule will do the trick for you in a minute. Find yourself with fine lines visibly gone and get a brightening look.

THE MASK OF ZORRO, B-Tox Ampoule

Directions for Use

1. Apply after using toner or essence (basic skin cares).
2. Squeeze a small amount on the back of the hand and spread it with a finger.
3. Apply in thin layer to the area you want to plump (eye bags, nasolabial line, etc.) along with the skin texture.
4. Wait just 30-50 sec, without moving the muscles of the applied area.
5. Proceed with moisturizer and makeup after the ampoule is completely absorbed.

Instant Wrinkle Filler, Without Needle

01

'Volufiline' boosts wrinkles

Volufiline promotes production and storage capacity of adipocytes and its maintenance. Our technology double-encapsulates those active ingredients and enables deep and fast penetration into the skin.

02

Immediate Effect

Instant volume when applied to eye bags, dark circle, and crow's feet, and improvement on skin texture and pore tightening. The instant effect lasts for 5-8 hours before it is washed off.

03

Continuous Use

Continuous use of B-Tox Ampoule helps skin look less lined and more radiant.
